

TACA REGIONAL AIRLINES SELECT RAMCO'S AVIATION M&E & FINANCIALS SOLUTION

Lawrenceville, New Jersey - July, 31st 2007 – Ramco, the Global Aviation Maintenance & Engineering (M&E) and Maintenance, Repair & Overhaul (MRO) software provider, announced today that TACA REGIONAL which consists of Grupo TACA's domestic carriers operating within Central America - Inter and Aviateca (Guatemala), Isleña (Honduras), Sansa (Costa Rica), and Aeroperlas (Panama) - will deploy its Maintenance & Engineering (M&E) Solution and Ramco's Aviation Financial Solution.

Already covering over 50 destinations, TACA REGIONAL selected Ramco's M&E and ERP applications to help sustain its continuing expansion. The growing Central American airline will leverage Ramco's market-leading M&E and ERP applications to support continued growth. Ramco's Aviation Software is 100%, off the shelf, business process and web-centric based. Ramco's Aviation and ERP Solutions are developed utilizing Ramco's Next-Generation Service Oriented Architecture (SOA) Business Process Delivery Platform. In addition to their strategy, the solution will help TACA Regional achieve the business agility they need and eliminate obstacles of technology integration.

"As we grow, we need software that can handle the complex nature of our companies without sacrificing the required controls and regulatory requirements. Ramco Systems will allow us to do just that while at the same time maintaining our focus on safety and low cost. We are certain that Ramco will be a great partner for TACA REGIONAL", said Matthew Vincett, Vice-President of TACA REGIONAL.

"We are pleased that TACA Regional has selected Ramco's Aviation & ERP Suite. Ramco will provide TACA Regional the flexibility needed to support best practices and their unique operational requirements. Ramco's Aviation Solution will address the entire M&E and ERP requirements of TACA Regional and its sister Airlines. We are pleased to welcome TACA Regional and its 5 sister airlines as part of our global esteemed client base." said Jim Fitzgerald, Ramco's President – Global A&D, Aviation, MRO Solutions.
