

## Ramco Systems and IDBLUE Announce RFID Partnership Agreement

Lawrenceville, NJ - July 23, 2010 – Ramco Systems – Global Aviation Solutions announces a global partnership with IDBLUE™ Ramco Systems - Global Aviation Solutions to provide end to end RFID solutions within the aerospace sector for the purpose of MRO, aircraft and component, data identification, tracking, enhanced line maintenance and performance based utilization. The agreement was struck at the Farnborough International Airshow (FIA), the world's most iconic global aviation event.

*“This partnership will allow us to provide next generation asset visibility solutions to the aerospace sector by coupling IDBLUE’s RFID technology and deployment expertise with Ramco’s suite of leading software products and their global reach,” said Jeff Brown, Vice-President of Services at IDBLUE.*

*“Working with our Canadian branch in Ottawa, we identified IDBLUE as an innovative company in Atlantic Canada with RFID solutions that add significant value in business benefits to Ramco’s global clients. Today, we are pleased to announce a partnership agreement between IDBlue and Ramco Systems, providing existing and new customers of our M&E / MRO Aviation Software Solutions, extended asset management solutions”, said Jim Fitzgerald – President, Ramco’s Global Aviation Solutions.*

### About IDBLUE

IDBLUE (an operating unit of Cathexis Innovations Inc.) is an RFID solution and consulting company offering a range of RFID solutions, services, and products aimed at the Aerospace, Oil & Gas, and Industrial markets. A privately held Canadian firm, the company is headquartered in St. John’s, Newfoundland, Canada, with offices in Ottawa, Ontario and Dubai, United Arab Emirates. IDBLUE’s strategy is partner-centric and solution-oriented. The company delivers complete RFID-based solutions to end-users, via key partners, resellers, and strategic alliances. With IDBLUE’s two-pronged approach to business operations, the company is able to provide value added solutions to each opportunity. For more information please visit.
