

## Ramco Systems Aviation Solutions

### Ramco Systems wins order from Ornge

For Immediate Release: January 5, 2012 - Lawrenceville, New Jersey – Ramco Systems, the Global Aviation Maintenance & Engineering (M&E) and Maintenance, Repair & Overhaul (MRO) software provider, announced today its agreement with Ornge Issuer Trust, of which Ornge is the beneficiary, for Ramco's Series 5 Aviation M&E software.

Under the agreement, Ramco will deliver the complete web based Series 5 M&E system, including Maintenance Programs, Supply Chain Management, Maintenance Execution for Line, Shop and Heavy operations and Reliability.

*"We are pleased to have Ornge as one of our newest Customers implementing our Series 5 M&E software. Series 5 will be interfaced to the Ornge finance system, thus providing them a full end-to-end solution utilizing Ramco's state-of-the art VirtualWorks™ e-connect toolset wrapped around the M&E / MRO suite," said Jim Fitzgerald, President of Ramco Systems Global Aviation Solutions.*

*According to Rick Potter, Chief Operating Officer for Ornge Global Air, "Ornge is excited and we are looking forward to implementing Ramco Aviation Solution. It will assist us to ensure best industry practices in the maintenance of our aircraft and reduce aircraft turnaround times, ensuring we achieve our goals related to today and tomorrow's competitive cost structures."*

#### About Ornge

Ornge is the world's leading innovator in the emerging field of transport medicine, and operates from a number of bases across the province of Ontario and performs more than 21,000 admissions annually. It coordinates all aspects of Ontario's aero medical transport system, the critical care land transport program, paediatric transport program and the authorization of air and land ambulance transfers between hospitals. Ornge is dedicated to the provision of high quality patient care through innovative transport medicine.
